STRONG FACTS!

A great many people are asking what particular troubles Brown's IRON BITTERS is good for.

It will cure Heart Disease, Paralysis, Dropsy, Kidney Disease, Consumption, Dyspepsia, Rheumatism, Neuralgia, and all similar diseases.

Its wonderful curative power is simply because it purifies and enriches the blood, thus beginning at the foundation, and by building up the system, drives out all disease.

A Lady Cured of Rheumatism.

Baltimore, Md., May 7, 1880. My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all.

I cannot say too much in praise of it. Mrs. Mary E. Brashear, 173 Prestmanst.

Kidney Disease Cured.

Christiansburg, Va., 1881.

Suffering from kidney disease, from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results.

J. KYAE MONTAGUE.

Heart Disease: Vine St., Harrisburg, Pa. Dec. 2, 1881. After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief. gave me so much relief.

The Cummings Murder Case.

NEVADA, February 20th.—In the Dorsey trial to-day, E. J. Lebertor, of San Francisco, testified that he was at Moore's Flat two days prior to the murder, and saw Cummings pour the gold bars that were afterwards stolen. He described the size of the two bars, and said they were worth \$3,000 or \$4,000 to Las Vegas. They were joined by Patterson 150 miles from Prescott. At Las Vegas they took the cars to St. Louis. Patterson exhibited gold nuggets at different times. Dorsey told Campbell that he had about \$8,000. A valise containing a very heavy package was left in Campbell's charge one night, while Dorsey was under the influence of liquor. He swore positively that defendant is one of the men.

A WOODLAND SENSATION.

Yesterday morning an item appeared in The Confirmation of Regents of the Unithe RECORD UNION stating that the day before the Governor had offered a reward of \$500 for the arrest and conviction of the murderer or murderers of John E. Maltby, which took place in Yolo county about the 27th of last March. The reward was offered at the suggestion of District Attorney Craig, of Yolo county. Later in the day Deputy Sheriff J. D. Lawson, of Yolo, and officers Arlington and Jackson, of this city, made the arrest through which it is expected to obtain the reward, the person arrested being Frank M. Rahm, a highly respected citizen of Yolo county, and late Sheriff, his term having expired on January 8th. The ex-Sheriff's cousin,

pired on January 8th. The ex-Sheriff's cousin, George Rahm, was also arrested.

John E. Maltby was at the time of his disappearance Under Sheriff of Yolo county. He was last seen alive on March 27th of last year. He was a man of peculiar disposition, and was addicted to strong drink, and was frequently missing for several days at a time, Sixty-eight emigrant passengers will arrive and but little was thought of him until six and but little was thought of him until six days afterward, when a young man named Will. Moore, who was out hunting, found his dead body about two miles northeast of Woodland. By the side of the corpse was found a bottle labeled "poison." This strengthened the suspicion already held by strengthened the suspicion already held by many that there had been foul play. A still hunt was kept up by friends of the dead man, assisted by detectives, but it was not until the new District Attorney, Mr. Craig, assumed his office and Sheriff Kahm had retired, that matters were pushed.

The services of detectives Arlington and Street an G. Deluchi's place, on Fifth and I streets, of attorney Charles T. Jones and Chief was broken into on Monday night, and a gold watch, a silver watch and about \$45 in money arrests made. It has been an open secret for arrests made. It has been an open secret for some time that the ex-Sheriff was suspected, but the officers requested that the attention of the public should not be called to the matter until the arrest was made. So public had

become, however, that the man when arrested stated he was not surprised, as he knew it was to be done.

Monday afternoon Deputy Sheriff Lawson and detective Arlington drove from Wood-land to the ranch of the ex-Sheriff's father, meanor. They were both continued until to-A. George Rahm was taken to the office of the District Attorney and questioned at some length, and it was finally decided to bring him to this city, which was done, and the prisoner now lies in the city prison. So quietly was the whole thing done that news-papers published in Woodland yesterday

orning contained no account of the arrest. The officers, with their prisoner, did not arrive in this city yesterday morning until after the RECORD UNION had gone to press.

The officers claim the evidence against the ex-Sheriff is of the strongest kind, being mostly circumstantial, excepting that of one There was considerable comment on the streets yesterday in regard to the action of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the very day of the arrest; but, at all of the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the Governor to offer a reward on the officers in inducing the officers in inducing the officers in inducing the officers in inducing the of at all events, it is not payable until a conviction is obtained, and the money has yet to be and coessionally took charge of the chaingang when the others were engaged. STEEL BARBED WIRE.

GALVANIZED OR PAINTED. IS FEET TO THE POUND.

Merits of Barbed Fence:

It is the cheapest fence made; the most durable; it is not affected by fire, wind or flood; does not cause snow-drifts; takes fewer fence posts; stock cannot push it down; it protects itself—acts on the defensive; it takes but little room; you can cultivate close to it; weds are easily kept from it; requires but little labor to put it up; you can draw enough at one lead to fence a farm; you can fence a good-sized farm in a day; it is the greatest practical invention of the age; and has come to be the farm and railroad fence of the country.

We advise every one who wishes to purchase wire, and wants the best, to buy the CACTUS BARB, as it contains all the favorable features that are required, and none of the objectionable ones. It is made only from the best annealed steel, fully warranted, either galvanized or painted; put up in spools of from 100 to 120 pounds each. Remember, it will not exceed 17 ounces per rod.

MEDICAL.

DENVER, Col., Aug. 29, 1882. GENTS: I cannot find words with which to express my gratitude to you for the cure Swift's Specific has effected in my case. I was afflicted with the horrible blood disease for three years, and after spending some time at the Hot Springs, considered my case a hopsless one. I used only one dozen small bottles of S. S. S., and there is not a sign of the disease remaining. My sores are all healed, my throat is entirely well ; I am

dosed with Calomel, Iodide of Mercury and Iodide of Potash, until they were made complete wrecks, that I shudder to think of the misery which has been brought on the human family by the use of Mercurials for Blood Diseases. It is a crying shame that physicians will not acknowledge the merit of your GRAND Blood Medicine. Use my name as you wish. J. H. RAIF, Broadway Pharmacy, Denver, Col.

If you doubt, come to see us, and we will CURE YOU, or charge nothing. Write for particulars and a copy of the little book "Message to the Unfortunate Suffering." Ask any Druggist as to our standing.

\$1,000 REWARD will be paid to any Chemist who will find on analysis of 100 bottles of S. S. S. one particle of Mercury, Iodide of Potassium, or any Mineral Substance. SWIFT SPECIFIC CO., Proprietors, Atlanta, Ga.

There are many at the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting ourning sensation, and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a repy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin mikish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
